

Mohamizzam Mohammad

Mohamizzam Mohammad is a Tutor at the Department of Industrial Design, Faculty of Design and Architecture, Universiti Putra Malaysia.

In his early years, he practiced design within the industry in various projects, such as the Proton City CD- Rom Presentation, Commonwealth Games KL, 1997 Logo Design, KOMSAS CD-ROM courseware, Michigan State University CD-ROM courseware and Dyslexia Book Design.

Currently, he is a member of the Life and Emotion Design research group (LIEMO) which consists of inter and similar discipline researchers in charge of researching the development of consumer product. He contributes his expertise in interface design and typography design

He was awarded with seven intellectual properties right (IPRs), and has won several design awards through his design research activities with his colleagues and students. These include winning the silver medal in International Invention and Technology Exhibition (ITEX 2011), three Silver and two Bronze in Research and Innovation and Technology Exhibition (PRPI) in 2010 and 2011.

Qualification:

MSc Graphic Design, Universiti Putra Malaysia,
BA (Hons) Computer Graphic Design,
Wanganui Community Regional Polytechnic,
New Zealand
Diploma Textile Design, Institut Teknologi
MARU, Malaysia

Working experience:

Faculty of Design and Architecture, UPM
Multimedia Academy, MTDC-UPM
Cosmopoint College, Kuala Lumpur
Kitaran Information Sdn. Bhd.

Field of specialization:

Typography, Wayfinding, Interface Design,
Textile Design

Research Areas of Interest:

Typography Design, Wayfinding Design System,
E-Learning Interface, Visual Art
