**LAr. Dr. Mohd Kher Hussein** is a Landscape Architect and a Senior Lecturer at the Department of Landscape Architecture, Faculty of Design and Architecture, Universiti Putra Malaysia since 2012. He received the Diploma in Agriculture from the Universiti Pertanian Malaysia (presently known as Universiti Putra Malaysia) in 1991, and the Bachelor of Landscape Architecture with Honours from Universiti Teknologi MARA in 1999. Mohd Kher obtained his Master of Science (Landscape Studies) from Universiti Putra Malaysia in 2006 and PhD in Environment and Development from Universiti Kebangsaan Malaysia in 2012. Mohd Kher has undergone a Post Doctoral Program with the Department of Landscape Protection and Reclamation, Corvinus University of Budapest, Hungary from November 2013 till October 2014.

Mohd Kher joined the department as a Tutor in 2001 and appointed as a Lecturer in 2006. Previously, Mohd Kher was engaged as an Agricultural Assistant Officer at the Park and Recreation Department of Local Municipal Councils in Selangor State namely the Ampang Jaya Municipal Council and Subang Jaya Municipal Council.

Mohd Kher specializes in landscape architecture, forest landscape, recreation and landscape perception. His current research interests include natural landscape (study and design), urban greenery and well being, and landscape perception.

Dr. Mohd Kher is a Corporate Member of Institute Landscape Architect Malaysia (ILAM) and Universiti Putra Malaysia Academic Officers Association. He is also a member of the Greenery and Well Being Research Group, Faculty of Design And Architecture. Apart of engaging as a professional landscape consultant, he also serves as an advisory panel for Shah Alam Urban Beautification Team, Shah Alam Municipal Council, Selangor.

He has published more than 15 academic research papers in the local and international journal and three books on his areas of expertise. He also had been appointed as papers reviewer for conference and journal at national and international levels.
