Assoc. Prof. Ar Meor Mohammad Fared Meor Razali is currently an Associate Professor at the Department of Architecture, Faculty of Design and Architecture, UPM since January 2006 and served as the Head of Department of Architecture from October 2007 until January 2016. He graduated from Iowa State University with a Bachelor of Arts in Architecture in 1986 and University of Tennessee, Knoxville, Tennessee, USA with a Bachelor of Architecture in 1988. After graduation, he worked for one year in Tennessee and Florida, USA. He started his career as an Architect in Malaysia in late 1989 working with Arkitek MAA Sdn. Bhd. In December 2000, he joined Mir Shahariman Architect as a Senior Architect and later as a Partner in April 2004. Currently, he practices as a Sole Proprietor under the style of Meor Fared Architect. He has been appointed as Director with LKMD Architecture since 2010. Throughout his 28 years career, Meor has been involved in a variety of projects ranging from bungalow, condominiums, commercial buildings, institutional projects, aircraft hangars to hospital complex.

During his tenure as the Head of Department, he was instrumental in obtaining architectural accreditation from the Lembaga Arkitek Malaysia (LAM) for the architectural programmes at UPM. He was appointed as a Board Member of LAM from October. 2013 to September. 2015 and currently is a member of the

Council of Architectural Accreditation and Education Malaysia (CAAEM). He is also a certified Architectural Accreditation and Validation Panelist with LAM and was involved with architectural accreditation visits at LimKokWing University of Creative Technology, Universiti Teknologi Malaysia, Universiti Malaya and School of Architecture and Built Environment at Deakin University, Australia. Due to his expertise in architectural education, he was appointed as the External Examiner for architectural programmes at UCSI and Universiti Teknologi MARA (UiTM). Currently, he is the External Examiner for architectural programmes at Universiti Teknologi Malaysia (UTM), Universiti Kebangsaan Malaysia (UKM) and International Islamic University of Malaysia (IIUM).

He is passionate in the field of affordable and social housing, and community architecture. He was the consultant for an LRGS project on improving the low cost high rise development. Since 2014, he has been leading the Teratak Semai project, a self-build housing project to build homes for the Orang Asli community at Tapah, Perak. He is also currently leading a Public-Private Partnership to develop affordable and buildable homes for the poor families in Besut, Terengganu.
